Proposal:(100 words max)

Hold a co-op fundraiser at Galapagos Art Space. Galapagos is available to non-profit groups on weekdays from 6-10 pm. They provide setup and cleanup staff,lights, sound, promotion,etc. They keep all bar proceeds- we'd keep the door. We could charge a cover until 9:45, but wouldn't have to end the event at 10pm.I suggest we have bands and perhaps a dj; other performances also possible.

Rationale: (Attach supporting docs if applicable.) *200 words max

We'd raise money for needed repairs and promote the co-op to a wider network. We have members who are musicians and would play for free. Galapagos would do almost all the work. It would also be a fun bonding experience for co-op members.

Relevant Working Group(s): (Admin, Development, Dry Goods, Facilities, Finance , IT, Marketing, Membership, Produce, Other)

Finance, Marketing.

Budget: (if applicable- include price quotes, etc)

\$150 - \$450. \$100 to rent the space for 4 hours (this is incredibly cheap); \$50 – 300 for invite printing (depending on the paper, etc) . Approx \$100, Transportation/drink tickets for musicians (as a courtesy for playing free: optional).

Potential Income Generated: (if applicable)

Depends on the number of people and the ticket price. Figure an average of \$10 per person (sliding scale of \$8 –\$20); that's \$1000 per 100 people.

Help Needed (how many people? Doing what kinds of things?):

5 person team would be great. Need a point person for the event to coordinate with venue, performers, etc.; graphic designer(s) to come up with flyer/invite; curator(s) to decide on program; people to promote it via web,listings & hand out invites; 1 stage manager + 8 volunteers to work the door on the night of the event.

Timeline:

One evening, Feb/March.

Flyers/invite designed one month before;

listings 1 month prior + weekly til event.

Flyering day befor
